Education

Shivalik University **Aug. 2023 – Present**
Computer Science & Engineering *Dehradun, Uttrakhand*

Professional Summary

B.Tech Computer Science student with a strong foundation in problem-solving, communication, teamwork, and full-stack web development. Experienced in building practical applications using MERN stack and AI APIs, with a strong willingness to learn and contribute in a fast-paced business environment.

Experience

Self-Directed Technical Development **2023 – Present**
Full-Stack Development & Computer Science

- Developed hands-on skills in full-stack web development using JavaScript, React.js, Node.js, Express.js, MongoDB and REST APIs
- Strengthened problem-solving and programming fundamentals through C++, Java, Python and DSA.
- Built academic and personal projects while developing teamwork, communication and practical problem-solving skills

Projects

E-Commerce Website | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS*

- Developed a responsive full-stack e-commerce web application using the MERN stack with a modern Tailwind CSS interface.
- Implemented product browsing, search and filtering, product details, shopping cart, user authentication, and order management features.
- Built RESTful APIs using Node.js and Express.js and integrated MongoDB for managing users, products, carts, and orders.
- Created reusable React components and responsive UI layouts using Tailwind CSS for a seamless experience across desktop and mobile devices.

AI-Powered Product Assistant | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS, AI API*

- Developed a MERN-based AI product assistant that helps users discover suitable products based on their requirements and preferences.
- Integrated an AI API with the Node.js backend to generate product recommendations and natural-language responses from user queries.
- Implemented RESTful APIs and MongoDB integration for storing product information, user queries, and recommendation data.
- Designed a responsive chat-style interface using React.js and Tailwind CSS with product suggestions and interactive user experience.

Technical Skills

Languages: JavaScript, C++/C, Python, Java, SQL
Frontend: React.js, Tailwind CSS, HTML5, CSS3
Backend: Node.js, Express.js, REST API
Database: MongoDB, MySql
Tools: Git, Github, GitHub, VS Code, Postman, npm
Soft Skills: Communication, Teamwork, Leadership, Problem Solving, Quick Learning

Certifications Training

TPC Global **2025 – 2026**
Aptitude, Quantitative Ability & Soft Skills Training

- Completed placement-oriented training in Quantitative Aptitude, Logical Reasoning, problem-solving, communication, teamwork, and interview preparation.

MERN Stack Web Development **2025 – 2026**
Full-Stack Development Training

- Completed hands-on training in MongoDB, Express.js, React.js, Node.js, JavaScript, REST APIs, and Tailwind CSS, with practical focus on full-stack web development.
